Certis CISCO Aviation Security Pte Ltd

On 24th of December 2022, an accident occurred on the road near the T2 arrival hall, posing a significant threat to the safety of road users due to an engine fire in one of the involved vehicles.

In this critical situation, the team of Certis CISCO Aviation Security officers efficiently organised themselves to promptly extinguish the flames and effectively managed the traffic flow, ensuring the safety of everyone in the vicinity.

Their bravery and swift response not only brought the situation under control but also averted potential harm to fellow road users.
