

# ***Safety Takes You Further***

On 21st of July 2022, a fire erupted on a hi-lift vehicle that was in the process of servicing a flight.

Corporal Rosli, who was on diplomatic escort duty, promptly responded to the distress call from the hi-lift operator. He swiftly retrieved a fire extinguisher and rushed towards the scene. Simultaneously, Mr Mastan Noorbhasha, who was operating a transporter nearby, reacted quickly by grabbing an extinguisher from his transporter and, with Rosli, extinguished the fire within 5 minutes without any casualties.

Thanks to the quick thinking and exceptional situational awareness of Rosli and Mastan, they effectively prevented a potential aircraft fire incident.
